W. M. SANDERS—Local notice.

W. H. HICKS—Stockholders meeting.

LOCAL BRIEFS.

——The streets need attention badly, as in some places they are regular quagmires.

——Weller, Bros., & Co., of Baltimore, yesterday took out a drummer's license.

——A resume of the proceedings of the Criminal court for this term will appear to-morrow.

——A letter is held at the post office, addressed to Mrs. Hannah Love, City, with no stamp,

——Pastors of the city churches are asked to send in notices of any changes in their services on Sunday.

——The Governor yesterday appointed Edmund F Carey a Commissioner of Affidavits at New York city.

——There was a delightful private "German" last evening, which was attended by a number of society belles.

——William A. Harvey of Elizabeth City, and Alonzo J. Stow, of Dare county, were yesterday appointed Notaries Public.

——Mr. Macon, the prince of oyster dealers, still continues to dispose of large quantities of the juicy, savory and delicious bivalves.

BOARD OF ALDERMEN.—There was a meeting of the Board last evening, the proceedings of which will appear in the next issue.

SUPREME COURT.—There were no cases called yesterday, the 8th District having been completed. The 9th District will be called on Monday.

FUNERAL OF MRS. J. J. THOMAS.—The funeral services over the remains of this lady will be held from the Salisbury Street Baptist Church at 10½ o'clock this morning.

FERTILIZER LICENSE.—A license for the sale of "Lister's Ammoniated Dissolved Bone Phosphate," was yesterday issued to Lister Bros., of Newark, N. J., by the Public Treasurer. Another $500 for the Department of Agriculture, without cost to the State.

SKATING.—The rink was filled with a lively crowd last evening, and the rattle and rush of the rollers made music to the devotees. The rink proves a decided success, and fills a gap in the amusement line. Next Monday evening the rink will again be open.

MUNICIPAL MATTERS.—The city continues to enjoy an undisturbed serenity, and the peace is not broken to an extent worth noting. The quietness is very remarkable. The dray horses, which not long since were very animated in their movements, have become very staid animals and never dream of such precipitate action as a runaway.

THEATRICAL NEWS.—The city has this season enjoyed the visits of some meritorious companies, which have been properly patronized. The next on the boards will be the famous Kate Claxton, so bright a star in the theatrical world. She will be here, it is understood, in a short while. Nothing more definite than this can now be stated.

SOME WESTERN NEWS.—Information came from the up country yesterday that in a fight at Morganton between one Sam Cook, white, and Dare Redmond, colored, the latter was dangerously, perhaps fatally, stabbed by his adversary.

While attempting to escape from the stockade on the line of the Western R. R., near Newton, a negro convict was shot and killed.

OUTSIDE LUNATICS.—Warrants from the various counties upon the Public Treasury, for the support of their outside lunatics continue to pour in. Yesterday three were received, one from Yadkin for $185; Beaufort, $150; Robeson, $493 30. The House yesterday discussed the subject of State support of these unfortunates at some length, and it was suggested that arrangements be made in the future, probably by the next Assembly, for their maintenance by the counties. The matter will come up again on Wednesday, and some plan will be chosen to relieve the Treasury of what is deemed a drain upon it at a time when it can illy bear it.

DOGS.—The canine question is one that looms up before each succeeding Legislature, but now it is indeed a vexed matter. Everybody wants to strike the dog and yet all are afraid to hit him. It is a regular case of dog vs. sheep, with the educational interest of the State thrown in as a counterbalance to canine influences and attractions. If the dogs are to be taxed the sum so received will be devoted to teaching the young idea how to shoot, not the dog, but wisdom as it flies. There are some serious and some funny aspects of the case, and the question has heretofore provoked much discussion and drawn the fire of the wit. There is no doubt as whether the Legislature will put on the tax.

MARRIED.—At Louisburg, N. C., on February 4th, 1879, by the Rev. Thos. W. Smith, the Rev. Jno. R. Brooks, of Newberne, N. C., and Miss Mary Pauline, fourth daughter of the late Maj Daniel S. Hill, of Louisburg.

The best flour at the lowest prices can be bought at the new grocery store of W M. Saunders, Wilmington street He also defies competition on sugar, coffee, meal and bacon. If you want bargains call on him. Farmers are welcome to hitch their teams in his lot adjoining his store. *

FUNERAL OF JOHN G. WILLIAMS, Esq.—The last services over all that was mortal of this deceased gentleman were held from the Salisbury street Baptist Church, yesterday afternoon. Long ere the hour arrived the edifice was filled with a throng, numbering hundreds, among whom might be seen persons of every religious denomination, white and black alike assembled to pay this last tribute to the memory of one whom all loved so well, and who in life was all men's friend.

The funeral cortege entered the church, to the soft, sad strains of the grand organ. First came the casket, borne by Messrs. Daniel G. Fowle, R. S. Tucker, W. H. Holleman, D. C. Murray, A. P. C. Bryan, P. A. Wiley, W. W. Vass and P. F. Pescud, Sr. Following were the family, and the officers of the city banks.

The choir sang the anthem "Thy Will be Done," after which they rendered that beautiful hymn, "I Would not Live Always."

Rev. T. H. Pritchard, D. D., then read that portion of the 9th chapter of St. John's Gospel relative to the raising of Lazarus. He took as text these words: "I am the Resurrection and the Life," from which he delivered a discourse of great depth and fervor. Its touching conclusion, wherein the noble traits of the deceased gentleman were so truthfully, though briefly described, drew many a tear from the auditory, while the pastor himself was visibly affected.

Rev. J. S. Watkins, of the First Presbyterian Church, then offered a prayer, after which the choir rendered in a manner at once artistic and feeling the hymn "Shall we Meet Beyond the River?" The solo, sung by Mrs. A. D. Jenkins, was truly a gem of vocalization.

At the conclusion of these ceremonies the coffin was borne out of the church and taken to Oakwood, where the services were concluded. The casket was almost concealed by the beautiful floral decorations, all in pure white, consisting of crosses, anchors and wreaths, in lovely blossoms. The procession that wended its slow way to the cemetery was a long one and a general feeling of sadness pervaded all. Thus was laid in his rest a man of whom his city may well be proud, and whose good deeds will live after him.

SENATOR VANCE'S LECTURE.—Senator Vance delivered his celebrated and admirable lecture on the "Scattered Nation," to an audience that filled Tucker Hall last evening. The lecture has been heretofore described, and it will suffice that it was delivered with marked energy, and in that graceful and easy style so peculiar to its deliverer. The proceeds, which were large, go to the benefit of the Oxford Orphan Asylum.

THE BINGHAM SCHOOL.—The Spring term of this admirable institution opens with great promise. There are thus far nearly a hundred cadets present, and the unprecedented success of the school is something wonderful. It deserves the patronage it is given, for there is no better military or any other sort of school in the South than Bingham's.

It has been decided by the Republican members of the Senate Committee on Appropriations to attach a section repealing the posse comitatus clause to the army appropriation bill. All the leading Democrats of the House swear with clenched teeth, they will resist, and so it will appear the talk about the extra session has some foundation. A Republican member of the House who is on good terms at the White House, said yesterday. "If the Democrats do force an extra session the President will not call it until November.

Remarks of Col. Chas. R. Jones Before the Committee on Internal Improvements.

I feel honored in the fact that I have been selected by my community to represent their interest in the matter of the proposition now pending before the Legislature of North Carolina to grant the privilege to the Raleigh & Augusta Air Line R. R. to extend its road from some point on their line between Sanford and Hamlet to Charlotte, there to to connect with the system of roads which meet at that point, and Mr. Chairman, I feel honored in the fact that I am to meet a committee composed of such intelligent gentlemen, whom I believe have at heart the interest of the people of the whole State.

I am, gentlemen, while I yield to no man in the matter of State pride, not blinded by any selfish interests, which makes me desire to build up my own community at the expense of any other portion of the State, but in the discussion of this question I have yet to learn how the interest of the Cape Fear section of the State can be injured by the granting of an empty charter to this railroad. Our people are deeply interested in this measure, as will be seen by the resolutions which I have read and which were passed unanimously by the Charlotte Chamber of Commerce on last Saturday night, and the reason why there is not a large delegation hereto-night to urge the passage of the bill, is because our people cannotconceive how the Legislature of the great State of North Carolina, professedly perfecting legislation for the best interest of the people of the whole State, can refuse to allow this corporation the empty privilege of building the proposed extension, which is to open up a rich and prosperous section of the State, and give a new commercial outlet to twenty-five counties in the Western part of our State, with their own money.

Wilmington says the granting of the privileges asked for will injure her. Charlotte says she don't believe it, but she knows the granting of the privileges will benefit tradesmen of twenty-five counties who come to her market to sell their produce and buy their supplies. While Charlotte and Mecklenburg county, with nearly a million of dollars invested in railroads is entitled to the competition in the matter of her five hundred thousand dollars worth of freights per annum, she virtually to-day has but one railroad leading to or from her borders. The railroads there have entered into a pooling arrangement of freights, so that all the roads participate in the profits, and the price of freights have been advanced nearly one hundred per cent over what they were only twelve months ago. Under the new arrangement the trade in the cotton business of Charlotte fell off seven thousand bales during the month of November and December of 1878, as compared with the business of the preceding year, and the question is where will this decrease stop? Our commercial and agricultural interests have been built up because competition in freights, until the adoption of the pooling arrangement, has been so sharp that Charlotte has been able to pay more for the produce of the surrounding country, and sell goods for less than any of her neighboring towns. The laborer is worthy of his hire, and the people of my county have labored for and fostered this enterprise of her railroads for twenty-five years of her people are now paying the interest on four hundred thousand dollars worth of bonds and these bonds are at, or are nearly par, which she has gives to build up her railroad interest. As it were just as she has gotten into a position to be benefitted, her interests in the railroads are torn from her, while the debt remains, and the railroads which she has fostered turn and rend her. It is said now, gentlemen, that cotton can be bought in Charlotte, and shipped to Spartanburg, S. C., and then shipped back by our doors to New York, cheaper than that cotton can be bought in Spartanburg. Charlotte in asking for the extension of that charter, asks that she may enjoy and the competing line and break up the combination that is tearing out her vitals. She does not seek to do injury to Wilmington or any other port in North Carolina. She asks justice at the hands of her Legislators. She is ready and willing to give Wilmington her freight and commerce, wherever Wilmington can compete with other accessible markets but she protests against being made to pay tribute to Wilmington simply because it is our "sister city by the sea." Wilmington is only one hundred and eighty-five miles from us, while Norfolk is three hundred and sixty-one. We say boldly that Wilmington ought to be able to compete with Norfolk under these circumstanes, and if she cannot do so we all are sorry that it is her misfortune. I promise her our entire commerce and freight, whenever she can deserve it by selling us more for the same amount of money than any other place, but the west protests against being throttled and gagged and made to carry our trade to Wilmington until she can offer us sufficient advantages. We will abide by the law that "commerce will find its own level," we are inimical to no part of North Carolina, but we are for these privileges and interests, which will best develop the material prosperity of our people, without detriment to any one else.

Mr. Chairman and gentlemen: I cannot conceive how the Legislature of North Carolina, can be so lost to the west as to deny the empty charter asked for by this word. Our opponents say it is but a fight between two rival foreign corporations, in which the people are not interested. With all due deference to their opinions, the people of the west are interested, they are deeply interested, and we ask that the charter be granted, and that the two corporations be placed on a perfect equality.

Wilmington has had much to say about the "North Carolina system," and the duty of developing the interest of North Carolina towns. The remarks of her delegation apply in alll their force to Charlotte. She has been acknowledged to be behind no other community in the State for a hundred years. In 1875 the people of the State gathered there to help to celebrate the centennial anniversary of her declaration of Independence, but if it be denied that she is part and parcel of our grand old commonwealth, go to the hundred battle-fields where her sons have fallen in the efforts to vindicate her home, and her fame.

What I know about that standard remedy—Dr, Bull's Cough Syrup:—I know that a 25 cent bottle cured me of a bad cough in 12 hours.

SUSPENSION OF THE RULES.

Mr. Graham, of Lincoln, moved to suspend the rules and take up the bill in regard to Salaries and Fees, and make it a special order for Tuesday next. Adopted.

Mr. [illegible] bill in relation to the wages to be paid the laborers and pages of the Senate. Provides that the Assistant Doorkeeper shall employ one man at $1.50 per day, and four pages at $1.00 each per day. Recommitted to the Senate Branch of Committee.

SPECIAL ORDER.

At 11 o'clock the special order, set for that hour, was called up, being H. B. 119, S. B. 346, to amend the charter of the Mt. Airy Railroad. Provides for the building of a railroad from Greensboro to Ore Knob.

This bill was discussed at some length, Messrs. Mebane, Alexander and Williamson opposing it, while Messrs. Scales, Leach, Everett and Caldwell strongly advocated its immediate passage.

Mr. Scales earnestly advocated the bill. It was a simple amendment to the charter of two years ago, asking additional convicts, and further, that the people of townships and counties might determine for themselves whether they would subscribe to its building. The venerable and distinguished Senator from Caswell had attacked that principle embodied in the bill which allowed a bare majority of the qualified voters to decide this question; and had characterized it as dangerous to the property holders of the county. He had been followed on the same side by his colleague and the Senator from Mecklenburg. They insist that such a principle should not be engrafted upon the policy of the State. He could not help sympathizing to some extent in the view presented, but the gentlemen ought to pursue a different course if they wished to destroy that principle. It was, in the first place, allowing a part of the constitution of North Carolina, and if they wished to destroy it, they should lend their efforts to change the constitution. In the next place, the original charter of the road contained this same provision and by killing this bill which was only amendatory they left the principle still undisturbed in the original charter. Two years ago when the distinguished Senator from Person, came before the General Assembly for a similar favor for Caswell in the Milton & Sutherlin R. R. he had given the road his most cordial and hearty support. It is time that charter required a three-fifths vote, but the point he wanted to call to the attention of the Senate and the Senator from Caswell was, that a three-fifths vote in Caswell was a far less protection to the property holders of that region, than a bare majority in the county traversed by this road. In the one the negro and the non-property holder was largely in the majority, while in the other the reverse was true and the county was populated mostly by a class of small and independent property holders, who know their rights and how to obtain them. The charter had been in operation two years and if the principle objected to were so very dangerous to those people, this General Assembly would have heard from them asking its repeal.

The previous question being called, the bill was put on its final reading and passed by a vote of 35 to 3.

Mr. Scales moved to reconsider the vote by which the bill passed its final reading and lay that motion on the table. Carried.

On motion the Senate adjourned until 10 o'clock to-morrow.

HOUSE OF REPRESENTATIVES.

FEBRUARY, 7th, 1879.

The Speaker called the House to order.

PETITIONS

RESOLUTIONS

were offered by Messrs. Turner and Blaisdell.

BILLS

were introduced as follows:

By Mr. Amis, to repeal the law in regard to the Franklin county line. Propositions and Grievances.

By Mr. Blocker, to prevent over charges in the sale of produce. Agriculture.

By Mr. Taylor, to amend sec. 2, chap. 64, laws of 1876-'77. Judiciary.

By Mr. Coffield, to reimburse Harnett county for the support of outside lunatics. Calendar.

By Mr. Blaisdell, to reimburse Perquimans for the same. Claims.

By Mr. Bernard, for the benefit of sheep husbandry. Agriculture.

By Mr. Carroll, to amend laws in relation to fishing in Black and South rivers. Fish Interests.

By Mr. Clarke, in regard to tax on wholesale liquor dealers. Finance.

By Mr. Hines, to alter the constitution in regard to the support of indigent insane, deaf-mutes and blind. Judiciary.

By Mr. Angier, to prohibit sale of liquor in 3 miles of Bethel Church, Orange county. Propositions and Grievances.

By Mr. Burroughs, to establish Gilliam county. Counties, etc.

By Mr. Mebane, to regulate the salaries of State offices. Salaries and Fees.

LEAVE OF ABSENCE

was granted Messrs. Grant, Scott and Bizzell, until Tuesday; Lowry, Moore and Dixon, until Wednesday; Horton, until Friday.

CALENDAR.

On motion of Mr. Reid of Macon the calendar was placed at the Speaker's disposal, when the following were taken up:

H B 139, to change the name of the W. R. R. of N. C. to the Cape Fear and Yadkin Valley R. R., and to complete the same. The company to have the right to consolidate with the Mt. Airy R. R., and extend through the counties of Forsythe, Stokes, Yadkin, Surry, Wilkes, Watauga, Ashe, Alleghany or Mitchell, or either of them, and connect with any railroad constructed or to be constructed in Western North Carolina. Is also directs the public treasurer to purchase $50,000 of the mortgage bonds of the company, paying therefor $50,000 out of any monies in his hands.

Mr. Lindsay sent in an amendment to strike out this last portion of the bill. Mr. Moring took the floor and opposed this. He spoke of the way in which the affairs of this R. R. had been conducted and the importance of preserving the valuable interest of the State in it. With this $50,000 the incumbrances will be lifted from the road, and the State's interest saved. It is a necessary measure and one which will repay the State. He eulogized the management of the road, whose affairs had always, amid all the tide of rascality, been conducted with probity. Mr. Lindsay opposed the bill, deeming it bad policy in the State to [illegible] in reply, saying there were other incumbrances on the road, and that this measure would save the State $1,000,000, by the simple payment of $50,000. He thought it one of the most important of the State's great system of internal improvements. Mr. Carter, of Buncombe, favored all the provisions of the bill. This small proportionate expense saves the State's interest of $1,000,000 is wise and true economy. It adds nothing to the burden, by levying a special tax, simply authorizes the Treasurer to pay out this sum of $50,000, out of any surplus funds he may have. Mr. Ellison favored the bill. Mr. Cooke said he was in favor of re-referring the bill to the committee. The State owns 11-14ths of the road, but her interest is controlled by the private stockholders. She should have her share of power. Mr. Moring replied that the State's interest could not be in better hands than in those of private stockholders, whose management is unsurpassed. Mr. Brown, of Mecklenburg, thought the State's interests were better served by the power being in the hands of the private stockholders than if the control was given the State. Mr. Turner opposed the bill, animadverting in his usual style, upon the road and its authorities.

The motion to recommit was then put and lost.

Mr. Rawley offered an amendment to Mr. Lindsay's amendment so as do to instruct the Treasurer to endorse $50,000 of the mortgage bonds of the Company. Lost.

The vote then recurring upon the amendment of Mr. Linday to not allow the payment of $50,000, it was lost.

Mr. Scott offered an amendment providing a first mortgage bond of $50,000 be given. Lost.

Mr. Richardson, of Columbus, that no provision of this law shall be considered to allow the road to be mortgaged for more than $50,000. Mr. Clarke offered an amendment dividing the road into two divisions, and giving the State an exclusive mortgage on the first 50 miles of the road built. He took ground in favor of the speedy building of the road. Mr. Jones thought both these last amendments should not prevail, as the State's interest was secure. Mr. Moring also opposed them. He spoke of the road's receipts, which keep up her shops and rolling stock in good order.

Mr. Cooke offered an amendment that after the terms of the present directors expire the State shall be allowed 5 directors and the private stockholders 4.

The vote then recurred upon Mr. Clark's amendment to the amendment, which was lost. To that of Mr. Richardson Mr Turner offered an amendment that the bonds shall not be sold at less than par. Upon this ayes and nays were called, when it was lost.

Mr. Richardson's amendment was then lost.

The amendment of Mr. Cooke, as to the directors was then taken up and opposed by Mr. Turner. The amendment was adopted.

The vote then recurred upon the passag of the bill on its second reading, when it passed by a vote of 59 to 27.

THE BLIND, DEAF-MUTES AND INSANE.

H B. 164, to amend the constitution in regard to the support of the deaf mutes, the blind and the insane of the State, by providing that all these may be cared for at the expense of the State, which was made special order, was taken up. The bill allows the Legislature the option of supporting the indigent among these unfortunates. Mr. Clarke said the bill proposed to leave the support of these unfortunates to the caprice of the Legislature, where it should be fixed in the constitution, unchangeably.

As the constitution now stands it says the State "shall" support these classes, but the bill proposes to say "may" support them, thus leaving the choice discretionary. Mr Lindsay favored it, as did Mr. Cooke, who said that the Legislature was now compelled, without reference to ability, to provide for all the insane in and out of the Asylum. He did not think the constitution should be mandatory on this matter. This Legislature may provide for the support of their outside insane by the various counties. Mr. Blocker favored the bill, saying that the measure was a necessary one. Persons were now in the asylum who were able to pay the cost of their maintenance, while some poor insane men were lying in jails. Mr. Vaughan said there was but little difference of sentiment on the question. The people knew, the House knew, the absolute necessity of the law. He said there were majority and minority reports of the committee; that of the former favoring the insertion of the word "may;" the latter to leave the word "shall," as it now stands. The bill will give the Legislature full power to allow each county to levy taxes for the support of their insane. This was the custom in ante-bellum times, and should be now. The counties can send their insane to the asylum. The same care should be taken of the blind and deaf-mutes.

Mr. Norment opposed this view.

On motion of Mr. Cooke, further consideration of the matter was postponed until 11 o'clock, Thursday.

Bill to change a portion of the dividing line between Bertie and Hertford counties, passessed its readings.

At 2:15 the House adjourned.

Public Meeting in Swift Creek Township.

In pursuance of a call from the members of the Assembly from Wake, the people of Swift Creek township held a meeting at Franklin, February 4 h, 1879.

Calvin Branch was called to the Chair and J. P. Massey appointed Secretary.

The Chairman explained that the object of the meeting was to recommend the most suitable man to fill the vacancy in the office of Magistrate. Moved and carried that we recommend Capt. W. E. Pierce, and ask that he be appointed.

The following petition and resolutions expressing the sense of the citizens of this township on various matters of public policy were unanimously adopted:

We, the people of Swift Creek township, Wake county, feeling that our rights and privileges have been taken away from us by unfriendly legislation, and that we are bearing the burden of unjust and oppressive taxation, do make this petition to the General Assembly of North Carolina.

We ask that the jurisdiction of Magistrates be extended to embrace all small offenses against persons and property and that the office of Magistrate be filled in part, if not in whole, by election of the qualified voters of each township.

We ask that a general fence law be [illegible]

We ask that the [illegible] Wake county be abolished.

We ask that the law appointing weigh masters of cotton in Raleigh be repealed or so amended as not to work entirely in the interest of the buyers.

We ask that the "Revenue Law" be so amended that the Professional classes be made to contribute their just proportion of taxation.

We ask that the salaries and fees of all officers be reduced to the amounts allowed before the war.

We ask that all expensive beureaus and offices of qustionable use be abolished.

We ask that the Road Laws be made clear and plain and so amended that the fines collected from hands who failed to work the road shall be applied to the labor and tools for the benefit of such road and that convict labor be employed thereon whenever practicable.

We ask that the prohibitory tax on fertilizer be repealed, and that a simple "Inspection Law" be passed in its stead, imposing the same commercial regulations for our protection in the purchase of guano, that are provided for the buyers of cotton and other produce that we sell.

We ask that the General Assembly consider the condition of many of our citizens who are about to be rendered homeless under the recent decisions of the Supreme Court, and that such measures be taken for their relief as your wisdom may judge expedient, lawful and necessary.

We ask that all legal obstructions which prevent the free flow and employment of money in our State be repealed.

We ask that the present School Law be so amended that the School Committees shall be elected by the voters of each township or School District.

We ask that you examine into the practical working of the Free School system, we find that it is costly, burdensome, a constant source of confusion not adapted to the interests of the poor people in our thinly settled districts, leads to waste and improper appropriations of the school fund, is contrary to the educational interests of the masses and mostly for the benefit of teachers and officers.

We protest to this General Assembly against the impairment of our right of suffraze in depriving us entirely of the privilege of choosing our local officers and regulating our home concerns, debarring the poor man from expressing his preference for the Judge who is to decide his difficulties, punish his errors and protect his rights, thus striking a blow at those principles of justice and civil liberty in whose defence for thirteen years our township has been the 10th Legion of Democracy in this county.

Resolved, That the proceedings of this meeting be handed to the Raleigh papers, with a request to publish the same, and that copies be furnished our members of this Assembly from this county.

DAILY NEWS

SATURDAY, FEBRUARY,..... 8, 1879.

J. B. HUSSEY, - Editor.

HUSSEY & JORDAN, - Pro's.

THE session of the Legislature is more than half gone. The vast bulk of the work is yet to be done; but as that has been, or is being, digested by committees, no doubt all will be perfected that is capable of completion.

THE discussion on the bill for the extension of the Raleigh and Augusta Air Line Road is postponed until next Wednesday. The debate will then be of the most earnest character, because the subject has most unfortunately antagonized a powerful element of local interest, and each city or town believes its fate involved in the bill. Since the question has assumed somewhat of an internecine character, the News will suffer the contest to be carried on by the contestants themselves, without aggravating those antagonisms which are always too prompt in North Carolina to develop themselves.

THE South has been made to bear an undue amount of odium on account of Southern claims. Where do these Southern claims come from? Certainly not from Democrats; certainly not from representative Southern people. They then must come from those who were hostile to the South during the war; who were friendly to the Union at the same time. If from those latter, then it is ungrateful for the Northern Republicans to deny to their Southern friends what they have only been too liberal in according to their own people. But at least they might acquit the Southern people, their old enemy of any hope or purpose to make any claim. Such claims are in no sense, Southern claims, and cannot compromise Southern interests. The Democrats in Congress should make no scruple to repel and repudiate all connection with a subject absolutely foreign to them.

THE very natural suggestion of fighting the devil with fire will explain the purpose of the Democrats in Congress to carry a very urgent measure in a very roundabout way. It is said that to obtain a repeal of the infamous test oath which stands an irritating and insulting sign of subjugation, hate and distrust upon the statute books, the Democrats will attach the repeal to the appropriation bill. The radical element in Congress can be dealt with only in that way. It is insensible to justice, magnanimity, or even to the suggestions of sound policy. This plan acts, as of old, upon the pocket nerve, and brings to terms when nothing else can, for the drawing of the strings of the public purse is a starvation to party zeal, and suffocation to office holders. An extra session is therefore probable, since the Republicans hold the majority in the present Senate.

SINCE Congress has been so extravagantly liberal in the pension business, we fear it has left itself scant means to be just in its recognition of other demands upon it. Just now is about the time for appropriating improvements. The North and Northwest are sure to be taken care of. But will not the South have to suffer, by reason of past sins, and because of the portion here unrelenting enemies choose to assign her? We want for North Carolina some very substantial and much needed allowances; for Neuse river, for the Cape Fear, and the Cape Fear bar, for the Albemarle and Chesapeake canal, for the Waccamaw river, for various streams in the interior, and for many other points, which if located North of Mason and Dixon's line, would have obundant government nurture. How long shall the South be held as a vasal, or a revolted province, only yet subdued into quiet, but not yet trusted?

A Dog Law.

We learn that Mr. Amis has introduced a bill into the House, which is thought to meet some of the objections to the enactment of laws looking directly to the diminution of the number of dogs. Mr. Amis goes to the constitution itself, the instrument which has been in defence of the dogs, for his authority to attack them. He finds his warrant in that clause which enjoins upon the General Assembly the duty of making laws for the protection and encourage ment of sheep husbandry. The statistics of the Agricultural Department tell that successful wool growing cannot be carried on in connection with dogs; ergo the constitution gives authority to remove the incompatibility by some process of taxation.

Mr. Amis proposes to exact as a privilege tax, 25 cents for one dog owned by a head of a family, and one dollar for each additional dog; such dog to be given in at the time other property is listed, and the tax paid when other taxes are collected. Default of giving in subjects the owner to loss of property in the dog; and the dog is to be killed as a nuisances, and the failure to register any dog subjects the defaulter to a fine of $10, one-half of which goes to the informer, and the rest to the school fund, as does also the tax.

But the measure does not take effect except upon the call of one third of the qualified votes of a township or county, which votes upon the question as one of "license" or "no license."

It is questionable of this does not destroy the usefulness of the bill, because numerous elections have become wearisome to the people, and it will be difficult to rouse them to gather to decide upon the status of the dog. But we are glad to see even this much attempted.

The Town of Elizabethtown.

Correspondence of the News.

ELIZABETHTOWN, N. C., Feb. 6.

Elizabethtown, in Bladen county, on a hill by the side of the Cape Fear river, is a pleasant little town of about 200 inhabitants. This little town has a court house and jail, a Methodist and a Presbyteiran church, several stores, a blacksmith-shop and a shoe-shop. There are three doctors and three lawyers and one minister being in the place. Rev. J. W. Randle has charge of the Elizabeth circuit and lives in this town. His circuit contains six appointments. The church here is composed of good material and is liberal according to means. This church pays about $350 a year for the support of the ministry, as much as all the other appointments. Mr. R is a pious man, a good preacher and a hard-worker, and his ministry has been greatly blessed in this charge. Rev. McFadgen has charge of the Presbyterian church, but lives some miles in the country. He is said to be an excellent man, good preacher and is highly appreciated by all the people. R. A. and C. C. Lyon, both prominent and able young lawyers, are active members of the Methodist church. R. A. Lyon is the efficient superintendant of the Methodist Sunday School. These two rising young men, will we trust, shed new lustre on this grand old Cape Fear region of our State. Drs. Bizzell, Robinson and McFadgen, attend to the sick. Our old friend Wm. Sutton is the obliging Post-master. Mr. G. B. LaBayteawx, canvassing agent for the firm of Joshua Lindley & Son, Greensboro, N. C., is here industriously laboring to stock all these sand-hills and river-bottoms and swamps with choice fruit trees. May this whole land be fruitful of all great things.

BLADEN.

Buncombe's Great Men.

Correspondence of the News.

W. N. C. R. R., Feb. 2d.

We left off at the Mud Cut in our letter yesterday. From there we proceeded along the line of the Railroad to "Long Branch Stockade." Capt. Troy has charge of the convicts quartered here, who number from sixty to seventy. The Captain is a young man but he has no superior on the work and keeps his quarters very neat. After resting and partaking of the substantials which replenish the inner man we proceeded along the line to "Lick Log Stockade," stopping on the way at "Moores Cut," where we found Capt. Moore in charge of fifty convicts at work on tais cut which bears his name. We also stopped at Lick Log Tunnel, which is completed. We reached "Lick Log Stockade" just as the sun was setting and spent the night with Maj. Atkinson and Dr. Burgin, the former is superintendent of the convicts on the W. N. C. R. R., and no better man can be found in the State to fill the place, he is a thorough business man. Dr. Burgin is the physician it charge of the convicts, and is a young man and will make his mark as a physician, he devotes his whole time looking after the sick.

Early Wednesday morning we journeyed onward and upward in "The Land of the Kees" and we reached the top of the Mountain Stockade about twelve o'clock and after partaking of a substantial dinner with Maj Tate, who is in charge of these quarters we visited "Swananoa Tunnel" the longest subterranean passage of the kind in the South and has more than all the other tunnels on the mountain work, as the entire tunnel a distance of nearly one half mile had to be braced with heavy timber. We found Mr. McFarland in the East and Mr. Robt. Hallyburton in the West entrance of the tunnel at work with a large force of convicts. They are within eighty feet of each other and both of them informed me that the tunnel would be completed by the first of March next. This tunnel runs through the dividing ridge of McDowell and Buncombe counties and every time we reach the top of the mountain and we feel like raising our hat to this county which has produced so many great men; it was in this county that North Carolina's idol son, Z. B. Vance, first breathed the breath of life; it was in this county that the sun first shone upon the great statesman and jurist, Augustus S. Merrimon; it was in this county that Hon. Thos. L. Clingman became a great man.

We might say a great deal in this connection about 'our own Bob Vance,' Hon. David Coleman and other great men Buncombe has produced, but we have already digressed too far from our subject. You will hear from me again. H.

Jurisdiction of Magistrates.

Chatham Record

We publish below, a copy of the petition recently sent to our members of the Legislature from this county against the passage of the bill enlarging the powers of Magistrates:

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE LEGISLATURE OF NORTH CAROLINA:—

The undersigned Justices of the Peace for the county of Chatham, would most respectfully represent unto your Honorable Bodies, that they have learned with the deepest concern, that a Bill has been introduced into the Senate, and passed that Body, to increase the Criminal Jurisdiction of Justices of the Peace in the various counties of the State, giving them exclusive original jurisdiction of all assaults and batteries, even where there is an intent to commit rape, bastardy cases, fornication, and a number of other offences against the law, which heretofore have been cognizable and triable by the higher courts.

Believing as they do, that this Bill, if passed, will be eminently prejudicial to the best interests of the people of the State, they most respectfully petition that it be not passed.

A portion of the undersigned have been acting Justices of the Peace for many years, and have been satisfied of the inexpediency of the Act now in force, conferring on Justices, with certain limitations and qualifications, jurisdiction concurrent with the courts of certain minor misdemeanor.

The Justices are plain men in most cases, who are engaged in farming or other pursuits for a living, and have not the time or opportunity for the study of the law, or the proper and legal way of making up and keeping records of their judgments and proceedings, so that they may be enforced at a subsequent time. They do not own a copies of the Supreme Court Reports which explain, construe and define what acts or omissions may constitute the offences; the exclusive jurisdiction to try, and punish, which, it is proposed to confer on them. They would frequently be in great trouble in the trial of these cases, from an anxious desire to do their duty in the premises, and would often at least, have to grope their way in the dark, and guess at a judgment.

A hardened offender, dreads to appear before a Judge and Jury in court. He is a stranger to the Judge, who, on his conviction, as he well knows, will punish him according to his deserts.

He has, or will have, no dread of going to a Justice and talking over his case with him in private. If he finds that the Justice doesnot take the view of his case, that may be agreeable to him, he could go to another, and another, and finally find one who will in private dispose of the case, by filling up a warrant, of which the defendant accepts service, and entering judgment for a nominal fine. This, your petitioners respectfully represent, will be the course of proceedings in most cases. The poor and weak may be punished, but when the offender is a man of social position, or property, or has influential friends, he will, in nine cases out of ten, escape punishment. They believe that the effect of the proposed law, in its practical workings, would be to encourage vice, immorality and rowdyism. Licentiousness would go unrestrained. Lawless violators of the law, would have no dread of punishment, so long as they believed they could find a Justice in the county, who from ignorance of his duties or a more unworthy cause, would impose upon him only a nominal fine. Society wants protection for person and property, even if this has to be enjoyed by the payment of court costs. When the quiet, peaceable citizen finds that his rights have been lawlessly invaded, or a member of his family beaten or outraged, and that the offender has gone off to some Justice of the Peace and had the matter all fixed up, his first impulse will be to take the law into his own hands, and to puruse and slay him wherever he may find him. If the laws fail to protect society, a state of things will be inaugurated in North Carolina, to which her people heretofore have been strangers. The best laws are powerless, unless they be duly executed and enforced; and in the present case, this delicate and most important duty is proposed, to be imposed on a class of men who are incompetent to discharge it.

Your petitioners would further represent that in the event of the passage of the proposed Act, the criminal dockets of the courts will be exceedingly small. Few cases will be on said dockets other than indictments for felonies, and, as a consequence, the passage of said Act will have the effect of practically doing away with the office of Solicitor of the different Judicial Districts. The fees would not pay the expenses of traveling around the circuits. It is easy to see how disastrous this would be to the well being of society.

Your petitioners would represent that their views in regard to the proposed Act are fully in accord with the feelings of a majority of their associate justices, and of the great body of their fellow citizens.

They would most humbly petition, that in the event that your Honorable Bodies, in your wisdom, may enact the proposed Bill, that the county of Chatham may be excepted from its operation.

And as in duty bound, etc., etc.

Might Have Killed Somebody.

Tarboro Southerner.

Orren Williams, Jr., whose father, the clever and popular Capt. Williams, of insurance celebrity, lives across the street from the Southerner office, took down an old musket that had not been discharged in sixteen years. O. W., Jr., whose voice is ready to answer to his nickname "Brick," took the harmless old thing in an up stairs room to examine if 'twas loaded. The investigation was eminently satisfactory. The load made a hole in a feather bed, setting it on fire. The ball went through the ceiling and weather boarding of the room tore off shingles from the piazza roof, sped across the street, bursted through the weatherboarding and ceiling of our sanctum, made a pot-pie of our Southerner files, and, for aught we know, is going yet. That it hasn't killed somebody is due to the accident that nobody was in the way. Before writing more we must hear from Coetge, as the ball was going in that direction.

Stay Here.

Charlotte Democrat.

Notwithstanding we have seen who went from this State to Texas, are now suffering for the necessaries of life and would willingly come back if they had the money to pay expenses, every-once-in-a-while a batch of young men, or families, desert good homes here in North Carolina and start to Texas. They are deceived and laboring under bad advice from land-spectators and inconsiderate relations.

In our younger days we traveled in several Southern, Western and Northern States, looking for a better place than North Carolina, but we never found it after many thousands of miles travel. And after considering the soil, climate, character of our people, and moral influences, we think we can truly say that North Carolina is the best country the Sun shines upon, and her sons and daughters the equal if not superiors to any in the land.

A Northern-born gentleman said to us the other day that he was surprised that any one who is willing to work should move away from this section, where everything can be grown for the benefit of man and beast.

How the Administration Won.

Cincinnati Enquirer.

Conkling is exasperated at Secretary Sherman's course, and to-day privately remarked that Civil Service Reform hardly was elevated when an Admistration, seeking to tipify reform, sent its Secretary of the Treasury into barrooms and hotel corridors to seek votes to sustain its nominations. This was meant as a reflection on Secretary Sherman's course in visiting all the prominent hotels last night, making the best terms he could with such Senators as he could catch on the wing. It was common talk here early this morning that Conover "was convinced" in Williard's Hotel lobby last night after an earnest talk with Sherman.

South Carolina Finances.

Charlotte Democrat.

The financial condition of South Carolina, great as the improvement is since Radical days, is not satisfactory we take it. The Charleston News says:

"There is no money in the State Treasury except what is put there to be paid as interest on the public debt. All the appropriations made by the last Legislature are exhausted, and the various salaried officers of the State will have to wait for their next month's salaries till the taxes come in in April or May, or borrow money at 1 or 1½ per cent a month at the banks."

Speaker Randall.

New Orleans Democrat.

Speaker Randall prefers to court the favor of the eastern capitalists and the South-haters in every quarter of the country, rather than to keep his pledges to the men who kept faith with him. So be it. Let him take the favor he has won and make the most of it. But never again should any southern voice be lifted to vote him an honor to degrade or a covenant to betray.

The Extra Session.

Louisville Courier Journal.

The real business of the Forty-fifth Congress will, as usual, be crowded into the last week or two of the session, and the prospect for an extra session is very good.

GOVERNOR HAMPTON'S DREAM.

He Believes His Life Saved by the Prayers of His People.

The editor of the Columbia (S. C.) Register, in the course of a most interesting account of a visit to Governor Hampton, whom he found greatly improved in strength and steadily recovering from the severe trials through which he has recently passed, tells a striking story of a dream which the Governor had at the crisis of his case, and tells it in the Governor's own words. The visitor, about to take his leave, said to the Governor: "At least in all your serious illness you had the devoted love of your own people?"

"Ah, yes, sir," was the hearty, deep-toned reply, "never man more. I believe as confidently as I do that I live, that the prayers of the people saved my life. I will tell you why I fell and believe it so firmly. Whilst I was lying here at the point of death and had become utterly indifferent whether I lived or died I got a letter from an old Methodist preacher, one of my old friends. He wrote me word informing me of the deep and devout petitions put up in behalf of my restoration by the Methodist Conference then in session at Newberry. He then urged upon me to exercise my will to live in response to the supplications of the people of the whole State, who were praying for me night and day in every household in the State. My sister who had tremblingly brought the letter to my bedside and read it to me, then urged me to listen to the kind, loving words of the man of God and to rouse my will to live, and I promised her to do so. I fell into a deep sleep that night, and the most vivid dream I ever experienced in my life crossed my slumbers. I dreampt I was in a spacious room, and that in it I was moved to all parts of the State, so that I met my assembled friends everywhere. I remember most distinctly of all old Beaufort, where I had last been. It seemed there were immense assemblages, and as I looked down upon them a grave personage approached me and touched me on the shoulder and said to me: "These people are all praying for you. Live, live, live!" I never realized anything like it before. It seemed a vision. I woke the next morning feeling the life-blood creeping through my veins, and I told my family the crisis was passed and I would get better."

At the close of the touching and thrilling relation, we bade him good-by, heartily wishing him a speedy recovery and many, many long years of health and usefulness.

Vegetine

FOR CHILLS, SHAKES, FEVER AND AGUE.

TARBORO, N. C., 1878.

DR. H. R. STEVENS:—

Dear Sir,—I feel very grateful for what your valuable medicine, Vegetine, has done in my family. I wish to express my thanks by informing you of the wonderful cure of my son; also, to let you know that Vegetine is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with malaria in 1873, which left him with Hip-Joint disease. My son suffered a great deal of pain, all of the time; the pain was so great he did nothing but cry. The doctors did not help him a particle, he could not lift his foot from the floor, he could not move without crutches. I read your advertisement in the "Louisville Courier-Journal," that Vegetine was a great Blood Purifier and Blood Food. I tried one bottle, which was a great benefit. He kept on with the medicine, gradually gaining. He has taken eighteen bottles in all, and he is completely restored to health, walks without crutches or cane. He is twenty years of age. I have a younger son, fifteen years of age, who is subject to chills. Whenever he feels one coming on, he comes in, takes a dose of Vegetine and that is the last of the Chill. Vegetine leaves no bad effect upon the system like the most of the medicines recommended for Chills. I cheerfully recommend Vegetine for such complaints. I think it is the greatest medicine in the world.

Respectfully, MRS. J. W. LLOYD.

VEGETINE—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

Mr. H. R. Stevens:—

Dear Sir,—We have been selling your remedy, the Vegetine for about three years, and take pleasure in recommending it to our customers, and in no instance where a blood purifier would reach the case, has it ever failed to effect a cure, to our knowledge. It certainly is the ne plus ultra of renovators.

SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs those seeming miracles of which the following is

A FAIR SPECIMEN.

I had been entirely bald for several years, completely, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of new hair.

(SIGNED) J. TORRANCE, U. S. A.

As to every important result the Kathairon is absolutely incomparable. It is unequaled

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon

And only ask for No. 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adorn your forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
will make your rooms and parlor shine.
Perforated mottoes, and white holly baskets.
And every other sort of stuff,
Of which he hopes to have enough.

WORM SPECIFIC

OR

VERMIFUGE.

SYMPTOMS OF WORMS.

THE countenance is pale and leaden-colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semicircle runs along the lower eye-lid; the nose is irritated, swells, and sometimes bleeds; a swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy, not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccough; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist,

DR. C. McLANE'S VERMIFUGE will certainly effect a cure.

IT DOES NOT CONTAIN MERCURY in any form; it is an innocent preparation, *not capable of doing the slightest injury to the most tender infant.*

The genuine DR. McLANE'S VERMIFUGE bears the signatures of C. McLANE and FLEMING BROS. on the wrapper. —:o:—

DR. C. McLANE'S

LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the liver, and in all Bilious Complaints, Dyspepsia and Sick Headache, or diseases of that character, they stand without a rival.

AGUE AND FEVER.

No better cathartic can be used preparatory to, or after taking Quinine.

As a simple purgative they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Each box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

Each wrapper bears the signatures of C. McLANE and FLEMING BROS.

Insist upon having the genuine Dr. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

LIVER

This important organ weighs but about three pounds, and all the blood in a living person about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.

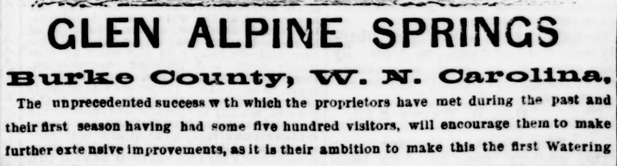
DIAMONDS

IN SOLID GOLD MOUNTINGS.

ONE DOLLAR ONE DOLLAR

THE WONDERFUL LEFEVRE TRADE MARK PATD DIAMONDS



Lefevre Ring, $1. Set of Studs, $1. [The Shah] Stud, $1. Lefevre Ear Drops, $1.

THE ONLY PERFECT FAC-SIMILE OF THE REAL DIAMOND IN THE WORLD.

Pronounced by the Academy of France that *M. Lefevre has really obtained artificially the true diamond.* The basis of these gems are pure crystals found in the Sierra Novadas, from whence they are exported to the Lefevre Laboratory in Paris, France, where they are submitted to a chemical and voltaic process,

BY WHICH THEIR SURFACES ARE COVERED WITH A COATING OF PURE DIAMONDS, imparting to them all the BRILLIANCY, HARDNESS, and refractive qualities of the natural diamond, and making them undistinguishable from the real gem, as the veritable gems themselves. The Ring, Studs, and Ear Drops, as displayed in this announcement, are accurate engravings of SOLID GOLD MOUNTINGS, containing THE WONDERFUL LEFEVRE DIAMOND, warranted by certificate U. S. Mint assay.

ON RECEIPT OF ONE DOLLAR we will send free, by REGISTERED MAIL, to any address in America, either article as above represented. Our "Book on Diamonds," with illustrations of artistic Diamond Jewelry in solid (14 k.) gold, mailed free.

I have seen many imitations of diamonds, but never any that could equal the Lefevre Brilliant.—M. ELLROY, Stamford, Conn.

I am in receipt of a pair of the Wonderful Lefevre Ear Drops, for one dollar, to say that I am pleased with them hardly fills the bill, they are simply elegant.—ANDREW MORRIS, Hornellsville, N. Y.

The Wonderful Lefevre Diamond Ring, for one dollar, came to hand this morning. It is really elegant, giving entire satisfaction, and eliciting wonder and admiration from all who see it.—W. H. REEDY, Martinsburg, W. Va.

The Lefevre Diamonds, mounted in solid gold, are truly marvelous.—B. F. AVERY & SONS, Home and Farm, Louisville, Ky.

The eminently successful experiments of M. Lefevre silences all doubt of the artificial reproduction of the true diamond.—M. DE FRENOY, the great French Scientist.

The Lefevre Diamond most effectually disturbs the slumbers of the possessors of costly gems.—Journal of Science.

☞ We guarantee the Wonderful Lefevre Diamonds for One Dollar to be mounted in Solid Gold, and will cheerfully refund the money if found unsatisfactory. Address all orders to the

Congress.

WASHINGTON, Feb. 7.— HOUSE.—The Senate amendments to the Naval appropriations were concurred in, and the House is proceeding with regular business of the morning hour.

SENATE.—Harris, of Tennessee, from the select committee to inquire as to the best means of preventing epidemic diseases, reported a bill to prevent the introduction of contageous diseases in the U. S. and to establish a bureau of public health. Placed on Calendar.

Mr. Sargent, of California, gave notice that he would call up the bill to restrict Chinese immigration for consideration on Wednesday next, and spoke of the importance of this subject to the people of the Pacific coast. Hamlin will, when the bill comes up, move its indefinite postponement.

The Senate Finance Committee took final action upon the House bill amendatory of the Internal Revenue laws and authorized the Chairman to report it to the Senate Committee. Five against four decided to recommend concurrenee in the House provision, reducing the tax on manufactured tobacco to sixteen cents per pound, the committee to fix the tax on snuff at 24 cents, and strike out all provisions relative to the tax on cigars, cheerroots and cigarettes, thus proposing to leave them subject to taxation at existing rates. The House provision repealing the tax on matches is stricken out and the committee have also entirely omitted tobacco bonded warehouse clauses. The bill is further amended by an addition of a section to remit all taxes upon insolvent Savings Bank, and to exempt from taxation two thousand dollars, each deposit made by one person or association in any savings institution.

Matthews, of Ohio, from the Select Committee on epidemic diseases, reported a joint resolution, authorizing the committee to sit during the recess, and to retain the services of three experts, who shall visit Havana and such other places as the committee may direct to enquire into the history of the Yellow Fever. The joint resolution also requests the President to invite the concurrence and co-operation of the Spanish government in the examination and experiments to be made in furtherance of International Commerce, and Sanitary Interests of men. Placed on calendar.

Senate passed House bill relieving certain legal disabilities of women.

Windom addressed the Senate on his resolution favoring the immigration of colored persons.

HOUSE—The House agreed to the report of the Conference Committee on the Indian appropriation bill.

A number of private bills were passed, after which took a recess until evening.

The Teller Sub-Committee examined John L. West, of Columbia, S. C. He was Secretary of the Republican State Executive Committee, and as such officer he had correspondence with the Republicans of each county as to the nomination of Republicans to serve as commissioners of election. He took a list to the Executive office. Governor Hampton was absent, but he was told by Governor's Private Secretary that the matter of appointment was with General Kenneday, President of the Democratic State Executive Committee. There were thirty-two counties in the State and thirty-two Republicans; one for each were recommended for appointment; only six or seven pronounced Republicans were appointed, because the Governor had promised to do so before the list was presented. Many of those appointed to act for the Republicans were Democrats; others were under Democratic influence, while others were illiterate men, and therefore unfit to represent any party. Protests were unavailingly made against such appointments. Senator Randolph of the Committee inquired whether Governors Moses and Chamberlain did not disregard recommendation of the Democrat as to the appointments of commissioners and fill their places with persons of their own party? Witness could not say of his own knowledge that this was done. The investigation here closed, so far as the Charleston feature is concerned. The Committee have summoned two witnesses from Mississippi and two from Arkansas. There will be a meeting of the full Committee on Monday.

The Potter Committee.

NEW YORK, Feb. 7.—The Potter investigating committee resumed its session this morning. Manton Marble was examined, his answers were given with marked precision and his manner was thoroughly self possessed. He said he went to Florida to look after the electoral vote. He could not say he went there under the instructions of the Democratic committee. He said he did not go at the request of Tilden or any one. He called on the Governor the evening he left and simply bade him good-bye. We had no conversation. He talked with Randolph, Blair and Fox on the subject of his journey. I think I got a cipher from Mr. Pelton at the Everett House and used it subsequently. I sent no telegrams and received none from Gov. Tilden. He addressed his telegrams to Pelton. My object in going to Florida was to take care of the electoral vote. Let me here suggest that the cipher dispatches as published in the Tribune, so far as I am concerned are simply rubbish. My dispatch to Senator Gordon says: Tell Gordon, therefore, it is the truth and having made at the time proves this. I have already published statements of what I did and did not do. One of my statements was published January a year ago. The other "rub a dub" was published in the Tribune for months. What I did not do was to buy the Florida votes and they were for sale. I would like to submit these letters if the committee has no objection.

In the Potter Committee to-day Gibson was re-called and stated when at New Orleans, Swanse endeavored to entrap him by offering to go back on his testimony for a certain sum, but witness refused to have anything to do with him. Carter, of New Orleans, testified that St. Martin's statement about witnesses before the committee having been influenced by money, was false. He did not believe that Weber was paid for his testimony. Gibson said he visited New Orleans as a correspondent of the New York Sun, and counsel to a Democratic member of the committee. I did not believe $450 was paid to Dula, the prices for witnesses were much lower in the South. To his knowledge none were paid for evidence. Witness testified at some length and admitted the authenticity of some dispatches. Witness again declared that he had no conversation with Tilden about buying out the electoral board, either before he went to Florida or after he returned, and never spoke of the proposition or negotiations to him (Tilden.) He had no knowledge of any attempt on the part of the Democracy to buy out the Returning Board, and though while in Florida he talked with Chandler, he knew nothing of a proposition that the Republicans would sell out. At this point the following note was received:

GRAMMERCY PARK, FEB. 7, 1879.
HON. EPPA HUNTON, Chairman Congressional Committee, 5th Avenue Hotel, Dear Sir: I learn in the public press that it is the desire of your committee to terminate its session in this city the current week. I take this liberty of requesting that before you leave, an opportunity be afforded me of appearing before you to submit some testimony which I deem pertinent to the inquiry with which you are charged.
Yours very respectfully,
S. J. TILDEN.

General Chausey will probably be replaced in the Governor-ship of Algeria by M. Krantz, late Director General of the Paris Exposition.

The Gazette DeFrance says, President Grevy in receiving the Judges of the court of Cossotion, told Judge Mercier, President of that tribunal, to inform his colleagues that the government does not intend to violate the principle of the irremovability of Judges.

NEW YORK, Feb. 7.—The Potter sub-Committee resolved that Tilden should appear before them at noon to-morrow.

Stop the Big Leak Too.

Correspondence of the News.

Gov. Jarvis said well when he said stop all the little leaks. They count up. But there is the biggest sort of a big leak that needs some attention. There is an act, *perpetual* in its words, by which the Western North Carolina Rail Road gets $220,000 annually of the public taxes, besides the labor of 500 convicts. The people of Eastern, Middle and Piedmont North Carolina get not one dollar of benefit from this appropriation, though they pay more than twenty-four dollars out of every twenty-five that goes into the State Treasury. TURN ON THE LIGHT.

The Southern Chorus.

New York Tribune.

The Southern chorus for Tilden in 1880 is gaining strength in spite of ciphers. It is not very formidable yet, but it is persistent, and if he can obtain any sort of a vindication, it will become loud enough to show all his rivals what is in the wind for 1880.

Original Republican Tactics.

Cincinnati Enquirer.

The Administration with Sherman at its head has resumed original Republican tactics. Sherman treaded a prospective Supreme Judgeship for the overthrow of Conkling.

The Martyred Republicans.

Cincinnati Gazette.

What's the use in Hayes turning out Custom House officers at New York for the reason that they make the Custom House a party machine, when in two years Grant, who is qualifying himself by learning the manners of royalty, is to come in by way of Asia to reconstruct the machine, and to restore all these martyrs to "civil service reform?"

The Grand Central Hotel on Broadway, New York, is a big house, and it takes a great many people to fill it. In order to do the latter, and to please everybody, the Hotel is now kept on the both plans, the American at $2 50 to $3 00, and the European $1.00, and upwards per day. An elegant Restaurant at moderate prices, is conducted by the Hotel. *

AGGRESSIVE POLICY.

Senator Thurman's Interview in the Cincinnati Enquirer 5th.

The Senator expressed his belief that bold action was what a party needed to achieve success. An aggressive policy would always command respect, while hesitancy or timidity would yearly always bring defeat with it. The Republican organization had never hesitated to take any responsibility to carry a measure, and this had enabled it to maintain its power for years, in spite of the distrust of the people, and in the face of its complete change from its former principles. On the other hand, a party that did nothing but object could not go before the country with the hope of making its objections stand as a policy. The people didn't like objectors, but they did admire a man or a set of men who were ready to enunciate aggressive doctrines, and were willing to stand or fall by them, but most of all, fight for them. He believed that the time was now past for the Democratic party to be regarded as a party of objectors. Ten years ago, when he first entered the Senate, there was little else for them to do; but now it was different. The fight in the future would be an aggressive one, and he didn't fear the result.

The Death Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee's German Syrup been taken, a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, Boschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950 000 bottles sold last year without a single failure known.

The Value of Pure Wine in Sickness.

The chief difficulty with reliable wines has been the research for a moderate price, but this has been removed by the introduction of a Pure Native Wine, produced from the Oporte grape by Mr. Alfred Speer, of New Jersey. We understand he has submitted his Wine to the test of many of our celebrated physicians, and all concur in its purity, medical properties and superiority to the best imported Port Wine. Most of them prescribe it in cases of debility, affections of the kinneys and chronic complaints, requiring a tonic, sudorific or diuretic treatment.—Examiner. Salesroom 34 Warren street, New York.

A Legitimate Triumph in Medicine.

Dread and despair fall upon the community when a terrible epidemic, like the cholera or yellow fever, suddenly desolates our homes; yet, all the while, a more insidious, but no less fatal foe, enters thousands of households every year and carries off the flower of the family in the early flush of manly youth and budding womanhood. People call it presumption, or "decline." It is not, in most cases, the tubercular phthisis or consumption of the lungs, which is the peculiar malady in climates like those of the British Islands and New England, but a generaldecay or arrest of the vital processes of nutrition. All the doctors agree that there is no remedy for this but COD LIVER OIL but they are constantly met by the obstacle of inability on the part of the patient to swallow or retain it. This repulsion is entirely overcome by SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA which is agreeable to the taste and an unequalled nutrient and tonic for the body nerve and brain.
